**Specification & Features**

The B.C. Rich guitar incorporates a unique electronic circuitry featuring:

**Split Switch:** Enhances highs

**Phase Switch:** Develops a hollow funky sound

**Six-Position Varitone:** Gives each selection of switches a new spectrum of sound

**Built-in preamp:** enables you to create any sound

—The most desirable system for live concert & studio work—

Dick is Alice Cooper's lead guitarist. He and The Mockingbird can be heard on tour or on "Welcome To My Nightmare" and Lou Reed's "Rock And Roll Animal." Dick also co-wrote "Only Women Bleed."
