

Show us a man who's too good for a Gibson Les Paul...

...he's flipped. Because the world's greatest can't fault the perfection of a Gibson Les Paul electric guitar.

So if you're serious about the sounds you're making try out the amazing new Les Paul Triumph bass. Or a lead guitar like the new Les Paul Recording model. It's called the 'Recording' because with one guitar the session player can reproduce any known guitar sound and a lot more!

What's different is the incredibly wide tonal range - mellow or mighty to match your musical mood. And with their supersensitive, low-impedance humbucking pick-ups, Tune-O-Matic bridges, eleven position decade control, pick-up selector toggle switches, controls for treble and bass and phase switches they'll take you out as far as you can go.

So fill in the coupon for the full story of the Les Paul range which includes the already world famous Custom and Deluxe models
