HOFNER BAR PICK-UP

A brilliant new pick-up designed by Hofner, which gives excellent response over the whole tonal range. The bar magnet provides equal balance on all strings and eliminates the overpowering second string sensitivity found in conventional pick-ups.

VERITHIN

Hofner

A new improved version of the Verithin designed to give the dramatic effect so popular today. Look at these fabulous features! Now fitted with two Hofner high-efficiency bar pick-ups (see page 2) for unequalled performance. Elegant yet functional "Slenda-nek"—designed for easy playing and improved good looks, individual machine heads, adjustable Micro-matic bridge and smooth-action mother-of-pearl inlaid fret-board. Available in glorious cherry red finish with cambered rosewood fingerboard and nickel-silver frets.

Body Dimensions: 20½" x 16½" x 1½"

- No. 5137. Verithin 66 84 gns.

ADJUSTABLE
INTERNAL
TRUSS ROD

NEW HOFNER CLUB 70

Hofner

Designed specially to meet a popular demand for a guitar of this styling, the Club 70 is a superb newcomer to the famous Hofner range, built on semi-acoustic principles to provide a character of tone not normally found in solid body guitars. The body shape and fretting of the neck facilitate the easy playing of intricate single-string passages and rapid chording. It is fitted with two Hofner high-efficiency bar pick-ups (see page 2), adjustable bridge for height and tuning compensation, heavy duty machine heads and separate volume and tone controls for each pick-up.

Body dimensions: 17½" x 12½" x 2¼".

No. 5109. Club 70 52 gns.

No. 5909. Rich felt-lined shaped case £14 0 0

Hofner

DE ARMOND PICK-UP

NEW HOFNER AMBASSADOR

The Ambassador is the outcome of Hofner's many successful years of guitar making. Only experience and craftsmanship can produce such quality at an economical price. All the well-proven and exclusive Hofner features—"Siendaneck" cambered rosewood fingerboard, adjustable truss-rod, Micro-matic bridge for fine tuning. Now fitted with two Hofner high-efficiency bar pick-ups (see page 2). Rich golden sunburst finish. All this adds up to one of the most exciting models ever to leave the Hofner workshops. Body dimensions: 20 $\frac{1}{2}$ " x 15 $\frac{1}{2}$ " x 1 $\frac{1}{2}$ ".

No. 5126. Brunette 80 gns.

No. 5906. Rich felt-lined case £13 10 0

AMBASSADOR WITH DE ARMOND PICK-UP

The Hofner Ambassador De-Luxe is now also available. Fitted with two of the world-famous American De Armond pick-ups. These double-pole models are finely designed to the most exacting standards, giving you the correct frequency response on each string—plus higher sensitivity than ever before.

These fantastic pick-ups, plus fine Hofner craftsmanship, give an all-round sound comparable to any other guitar on the market. Proved to be popular! What more could any player ask for with these two great names linked together. Hofner and De Armond.

SENATOR BASS

Now Fitted with the Hofner high-efficiency bar pick-up (see page 2) for the ultimate in sensitivity. The exclusive "Slenda-nek" gives faster playing action, and the internal truss-rod allows adjustments to be made to the neck. Efficient, smooth working machine heads. Beautifully finished in brunette sunburst with mother-of-pearl dot inlaid fingerboard. A lovely instrument with a full rich sound.

Body Dimensions: 20½" x 16½" x 2".

No. 5144. Senator Bass 42 gns.
No. 5963. Plush-lined shaped case for above .. 17 gns.

GALAXIE

Here's a solid to excite the most exacting guitarist! Made to give all the effects and variety of tone colour that today's music demands. Just look at the features. Three Hofner high-efficiency bar pick-ups (see page 2), bass, descant, treble—each with its separate control switch and individual wheel-type tone control. A superb bridge has been included, together with "FLICK-DOWN DAMPER" that gives an effective muted sound. Simple movement of the vibrato arm for tremolo at any desired speed or depth. Made from the finest selected woods and materials and of course, it's backed by the craftsmanship that's made Hofner a name to be reckoned with in guitars. Available in rich sunburst. Complete with strap and lead.

Body Dimensions: 13" x 19½" x 1¼".
